BEYOND CARBON NEUTRAL

This certificate authenticates that: bf1systems has been certified as a **Beyond Net-Zero Company**

A total of:

150%

of residual Scope 1, 2 & 3 emissions resulting from its 2025-26 business operations have been avoided.

This equates to:

228

tonnes CO_2e

avoided through a combination of verified Gold Standard carbon offset projects.

Projects: Macaubas (3010): Protection of the Matavén forest in eastern Colombia (VCS)
Metaven REDD+ (1566): Avoiding methane emissions from landfill in Brazil (VCS + CCBS)

VCS = Verified Carbon Standard. CCBS = Climate, Community and Biodiversity Standard.

SUSTAINABLE DEVELOPMENT GOALS
